

Florida Medical Massage Institute

Advancing Your Career

Director: Dr. Tom Hynoski, D.C. Florida Provider # 50-3612

The Florida Medical Massage Institute's goal is to provide academic and hands-on educational experience in a practical learning environment for professional massage therapists.

Our inspiration is best contained in the ancient words,

"Let the world be your classroom and let life be your teacher."

The Medical Massage Certification program consists of 20 CE hours of hands-on and academic study and 80 hours of practical experience serving as an LMT Intern in a qualified medical office under the supervision of an LMT Mentor. Internship investment is \$1,500.

Intern Benefits

- Concentrated, focused academic and practical educational experience in Medical Massage.
- Learn all aspects of Medical Office operation.
- Learn specific Medical Massage technique under the supervision of an experienced Licensed Massage Therapist Mentor.
- Get an introduction to physical therapy modalities and x-ray processing (when available).
- Receive ongoing academic training.
- Learn the medical language necessary to easily communicate with the doctor and other healthcare providers.
- Receive 20 hours of CE credit –
 - 12 hours - Developing a Pain Management Plan for Massage Therapists
 - 8 hours - Introduction to Physical Therapy Modalities for Massage Therapists
- Have your own personal LMT Advisor as you progress through your internship program.

Upon successful completion of the Internship program, you will be eligible for special workshop fees with partnering CE providers, receive letters of recommendation from the Intern Site and a professional resume that includes a description of all aspects of your training, and a Certificate of Achievement.

There is opportunity for job placement at the Intern Site or other medical office through a placement agency.

The internship portion of the program can be completed in as little as five (5) weeks.
